CHEVROLET CORVETTE STINGRAY

CHEVROLET CORVETTE STINGRAY

Z51 PERFORMANCE PACKAGE

THE PINNACLE OF PERFORMANCE

The architecture, structure, suspension, calibrations and software of Stingray are all ready to deliver a driving experience beyond your imagination. To reach the pinnacle, all European Corvette Stingray come standard with the Z51 Performance Package, which provides a group of performance enhancements, including:

- Z51 performance suspension
- Z51 performance Brembo® brakes
- Michelin® Pilot® Sport 4S, 245/35ZR19 front and 305/30ZR20 rear, high performance, run-flat, summer-only tires¹
- Electronic Limited Slip Differential (eLSD)
- Performance exhaust
- Performance rear axle ratio
- Heavy-duty cooling system
- Z51 rear spoiler in body color
- Z51 front splitter

¹ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, please contact your Chevrolet Partner. Low-profile tires wear faster, and wheel and tire damage may occur on rough or damaged roads from surfaces or kerbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty.
